1 Read docket no: 1812 dated 21st Ultimo from the President of the Board anent the removal of night soil in the town.

Proposed by Dr: J. Sawyman and seconded by the Amildar that two night carts and two Scavengers be employed as an Experimental measure for two months, for removing night soil from the back-yards of houses, where arrangements by owners have not already been made. Carried.

These may be provided for in the Budget for 1885-86 also.

13.2.85 M. S. R.

2 Read the usual monthly accounts of Receipts and Expenditure together with vouchers and the Treasury Certificate of Balance for January 1885.

Resolved that in return-

in

returning the certificates dated 9th February 1885 — Forward extract to Treasury Officer.

Treasury Officer, he may be requested to comply with the directions contained in para 3 of the Comptroller's letter no: 24451 dated 6th November last, in furnishing the certificate to the Municipality and that the monthly accounts for January 1885, cannot be passed for want of such certificate, as above referred to.

13.2.85 Sgd. J. R

3 Read Shmaiya Amaldas report no: 172 dated 12 December last with two Estimates for repairing the well in the Navalemuakarai Street of the town.

This is for deepening the well. It will have to be done during the hot season.

13.2.85 Sgd. J. R.

Resolved that the well be repaired at a cost of Rs 70/- as shown in the Estimate accompanying the said report

All the wells should be now taken in hand. The undersigned was somewhat disappointed yesterday, on his visit to the town, to find that nothing had been done as yet, to any of the sanctioned wells. Rates is more likely to be lower in Kem than now.

Sgd. G. F. M

4 Proposed by Mr. Ramaprasad Tewari and Seconded by Mr. Mojappa that vegetable Sellers be not allowed to Squat on the Public Road or Lane and Sell vegetables; this is to apply to all retail dealers who use either roads or road sides for their place of

Ignored Extract as the officers concerned after they are approved by the President.

13.2.85 Sd. S. R.

Cordially concurred in.

III Public Works.

It was proposed and carried
that Three Kolcars stations
be Constructed of mud walls
with Thatched roof at Rs. 25/-
instead of Rs. 70/- each.

Kumbargundi Committee
remedied with the amount
proposed to be allotted to
it in the Estimated Budget.
In future the Municipality
will not be in a position to
allot year by year large sums
for the said project.

The road proposed to be
extended is not so emergent
nor much traffic is likely
to be carried over that road.

Resolved that the amounts
against these items should
be struck off, until a
project on proper design
and estimate be prepared
and submitted. The D.

(Sd.) G. F. M.

A sum of Rs. 5/- is sanctioned as horse allowance to the Municipal Overseer for visiting and supervising the works of the Octroi Establishment in addition to his other Municipal works.

This was sanctioned already in the Budget of 1881-82.
23/1/85 (Sd.) T. R.
I do not agree with this.
(Sd.) G. F. M.

The present pay of Rs. 10/- per mensem is considered sufficient for the Talaiyari Pumasta.

We have got quite enough of peons but it does not seem to be advisable to reduce the Scavengers.
23/1/85 (Sd.) T. R.
Not at all advisable to remove the Scavengers
(Sd.) F. M.

No increase is necessary in the present strength of sweepers who are 27 in number A reduction of four new from the 9 cadrine Scavengers now on the roll, is proposed and agreed to, allowing an increase of a supervising peon on Rs. 5/- to the existing number of three men.

The municipality should keep an account of the number of peons p.c.q. daily sent as guards over convicts, as a check on the gaol accounts.

Provision is proposed and passed for the hire of two additional permanent Carts at R.q. 15/- per month the present number eight Carts being insufficient to meet the demand.

It is necessary to draw the attention of Government to the proposals requiring additional expenditure

Sir,

With reference to your docket no: 518/28 dated 22nd/15 ultimo, I have the honor to state that by the expressions "Surplus Funds" and "old balance" are meant the accumulated balances of previous years standing to the credit of the Municipalities.

2. The amounts provided for works not executed and consequently lapsed at the end of the last year will be included in the balance, as mentioned in the docket

under

under reply, provision having already been made afresh for such works as are desirable to be completed during the current Official year.

3. Extra Police have not yet been enlisted for Harihar. When I first visited that village on october last the inhabitants of the Fort informed me that they could not sleep in the Chowlies and that they wanted their town patrolled by the Police at night - I told them in that case more Police would be required and they would have to pay. Hence apparently this entry in the Budget, but the 1000/Rs entered is, of course, too much. The pay of the four extra men required for night work will be Rs 336/.

Sir

I have the honor to bring to your notice that the want of a qualified midwife is very much felt in this Town. Since taking over Medical Charge of this District 5 or 6 lives have been sacrificed which humanly

humanly speaking might have been saved, had a Competent nurse been in attendance. Only yesterday a Koncany female in her 9th month of pregnancy, wife of a Coon succumbed to accidental Hæmorrhage which if properly attended to could have been arrested and about a month ago another female died from a retention of the after-birth.

My services have always been available in these Cases but prejudice is so strong that retune when the practitioner is a male is not permitted while the services of a female could be gladely welcomed.

Under these circumstances I feel I would be failing in my duty, did I not strongly urge the necessity of securing the services of a qualified without delay.

This question has been urged on more than occasion at our Municipal meetings and a sum of Rs. 600 budgeted for, so that the sanction of the Dewan alone is needed

Receipts octroi.

2. In the Municipality of Shimoga Estimates of Receipts have been entered under octroi for the articles usually subject to the tax, while in all the other minor Municipalities the duty (common) has been accordance with the orders of the Dewan Conveyed in Memo No 561 of 29th November 1882 abolished the tax on all articles except Cloth.

House Tax & Mohtarfa.

3. Generally the Estimates of Income under House and Mohtarfa Taxes are almost the same as those of the past year. In Sheralkoppa the Estimate of Revenue under House Tax amounts to Rs 196 or Rs 104 less than that for 1884/5, while under "Oil Mills" no Estimate is shewn for the current year although Rs 20 had been entered in the last year's Budget as the estimated receipt from this Source. In Sagar there is no Estimate under "Looms" as against a very small sum of Rs 7 shewn as the anticipated revenue under this head in the year 1884/5. For purposes of Comparison the details of actuals for 1883/4, under the several heads of Mohtarfa in all the Municipalities should have

should have been furnished

4. The Estimate of £720 under "Sundries" in Shemoga includes a sum of Rs 500 on account of the proposed levy of Scavengering fees from 2 Annas to 2 Rupees per house per annum. This Estimate is passed subject to the early submission of the Report in the matter called for in this Office No 41/10 of 2nd April 1884.

+ this file 13 Sep 84 herewith

5. The Municipal Board of Shemoga in para 6 of their Proceedings of 10 and 11 March last, submitted with the Budget of the town for the current year, propose to exempt from octroi ~~Superintendent for Sea~~ ~~coolies~~ jaggery from 3 Seers to 1 Maund in the year Betel leaves not more than 50 Cocoanuts dry or fresh not more than 2 and Tobacco ½ a Seer at a time when these are brought into the town for house-hold consumption. The President of the Board also recommends the adoption of this measure Experimentally for Six months. On this Subject the Municipal Board are informed that in the

the town and Civil & Military Station Bangalore and the Municipality of Mysore Exemption from octroi is allowed only for the marginally noted articles within the limits therein specified whether these be intended for private consumption or otherwise. and they are requested to consider whether Similar practice might be adopted in Shemoga.

6. The Estimate of Expenditure under "Octroi" amounts to Rs 1074 or Rs 630 more than that of the year 1884/5 as noted in + margin. The increase of Rs ~~under~~ 204 under "Mohtarfa" is unobjectionable. As regards the proposed addition to the Octroi Establishment it is observed that the increased provision now made is 17 percent of the Estimated Receipts from octroi or 7 percent more than the limit laid down in para 3 of the late Chief Commr's No 4053-64 dated 30/10/79 + Mn. 202 The Municipal Board should therefore be requested to reconsider the Estimate.

Head Office 7- The Estimate under "Head Office" including the provision for a Taluk Gymnasta Rs 10 and Contingencies Rs 2 per mensem at Shimoga erroneously entered in the Budget of that town under Conservancy amounts to Rs 723 against Rs 741 in 1884/5. The Budgets now Submitted shew that the cost of the Municipal Establishment and Contingencies in the District Office is estimated at Rs 579 this amount being rateable debited to all the Municipalities in the District as detailed in the margin. This Establishment is unnecessarily large. In the Bangalore district Office, there is only one Clerk on Rs 20 per mensem. No District pays more than Rs 25 for the Clerk employed on Municipal work. The charge for the Examination of Municipal accounts in the Shimoga district should not therefore exceed this limit.

Rs 1000 have been voted, provided for on account of the Enlistment of Police for that town to patrol it by night. Inquiries said to be made in accordance with the wishes of the townsmen who have promised contributions for this purpose, contributions for which a provision of Rs 500 has been entered on the side of Receipts under the head Miscellaneous. The Dy Commr. however remarks that Extra Police has not yet been enlisted for the town and that the provision of Rs 1000 for this purpose is too much: He estimates the cost of the Police required at Rs 336 per annum. Pending a reference on the subject by the Dy. Commr. in the usual course to the Secretary in the Police department a provision of Rs 500 for Expenditure will be retained in the Budget of Hariharpur against a similar entry on the Side of Receipts.

Education.

12. Besides the English School

School at Davangere, the establishment of English classes at Shekarpur and Tirthahally have been sanctioned in the Educational department. It is also proposed to open similar schools at Chennagere and Shiraleshpur. The proposal should be submitted to the Secretary in the Educational dept^t for orders. With the exception of Shekarpur where the cost of the English school has been directed in Devanc's Pro. Educational N^o 2263-4 dy 24^th October 1884 to be met equally by Fees and Municipal ~~Revenue~~ Funds, only three-fourths of the expenditure connected with the other English Municipal Schools is payable from Municipal Funds to which the Fees in them are credited the remaining one-fourth being defrayed by the Provincial & Local Funds. This will be adjusted on as per Comptroller's Circular N^o 1571 dy 21^st December 1883, a Copy of which is herewith forwarded for information. Accordingly, only 3/4^ths of the provision made for the cost of English Schools

will be retained in the Budgets, the Estimate entered under "Contributions on the Side of Receipt" in advance here being struck out.

Will be incurred when orders are passed on the above.

Dispensary Charges. 13. In addition to the dispensaries already existing at Sagar, Tirthahally and Narasingeri provision has been made in the current year's Budgets for the dispensaries recently sanctioned for Chennageri Honnali and Shikarpur in Shimoga, it is proposed to entertain a Nurse at Rs 50 per mensem the cost being defrayed from Municipal Funds. Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 30th June 1885.

2. RECEIPTS-*Octroi.*—In the Municipality of Shimoga estimates of receipts have been entered under octroi for the articles usually subject to the tax, while in all the other Minor Municipalities, the Deputy Commissioner has, in accordance with the orders of the Dewan conveyed in memo No. 561 of 29th November 1882, abolished the tax on all articles except cloth.

3. *House-Tax and Mohatarfa.*—Generally the estimates of income under house and mohatarfa taxes are almost the same as those of the past year. In Shalkoppa the estimate of revenue under house-tax amounts to Rs. 196 or Rs. 104 less than that for 1884—85, while under "Oil mills" no estimate is shown for the current year, although Rs. 20 had been entered in the last year's budget as the estimated receipt from this source. In Sagar there is no estimate under "Looms" as against a very small sum of Rs. 7 shown as the anticipated revenue under this head in the year 1884—85. For purposes of comparison the details of actuals for 1883—84, under the several heads of mohatarfa, &c., in all the Municipalities should have been furnished.

4. The estimate of Rs. 720 under "Miscellaneous" in Shimoga includes a sum of Rs. 500 on account of the proposed levy of scavengering cess from 2 annas to 2 rupees per house per annum. This estimate is passed, subject to the early submission of the report called for in this office No. 41—10 of 2nd April 1884.

5. The Municipal Board of Shimoga in para 6 of their Proceedings of 10th and 11th March last, submitted with the budget of the town for the current year, propose to exempt from octroi jaggory from 3 seers to 1 maund in the year, betel-leaves not more than 50, cocoanuts—dry or fresh—not more than 2, and tobacco ½ a seer at a time, when these are brought into the town for house-hold consumption. The President of the Board also recommends the adoption of this measure experimentally for six months. On this subject, the Municipal Board are informed that in the Town and Civil and Military Station, Bangalore, and the Municipality of Mysore, exemption from octroi is allowed only for the marginally noted articles within the limits therein specified whether these be intended for private consumption or otherwise, and they are requested to consider whether similar practice might be adopted in Shimoga.

	Bangalore.	*Mysore.*
Sugar	not taxed in Bangalore	5 seers.
Jaggory		5 do
Ghee and Butter		5 do
Tobacco	¼ seer	¼ do
Betel-leaves	1 bundle of 50 leaves.	1 bundle of 50 leaves.

6. EXPENDITURE-*Collection.*—The estimate of expenditure under "*Collection*" amounts to Rs. 1,074 or Rs. 630 more than that of the year 1884--85 as noted in the margin. The increase of Rs. 204 under "Mohatarfa" is unobjectionable. As regards the proposed addition to the octroi establishment, it is observed that the increased provision now made is about 17 per cent of the estimated receipts from octroi or 7 per cent more than the limit laid down in para 3 of the late Chief Commissioner's No. 4053-64—Ml. 202, dated 30th October 1879. The Municipal Board should therefore be requested to reconsider the estimate.

7. *Head Office.*—The estimate under "Head Office," including the provision for a Taluk Gumasta Rs. 10 and contingencies Rs. 2 per mensem at Shimoga, erroneously entered in the budget of that town under conservancy, amounts to Rs. 723 against Rs. 741 in 1884—85. The budgets now submitted show that the cost of the municipal establishment and contingencies in the District office is estimated at Rs. 579, this amount being rateably debited to all the Municipalities in the District, as detailed in the margin. This establishment is unnecessarily large. In the Bangalore District office there is only one Clerk on Rs. 20 per mensem. No District pays more than Rs. 25 for the Clerk employed on municipal work. The charge for the examination of municipal accounts in the Shimoga District should not therefore exceed this limit.

10. The estimate for Rs. 1,742 for constructing box drains in the main street of Sagar, received with the Shimoga Deputy Commissioner's No. 319—236 of 5th June 1885, is herewith returned duly sanctioned.

11. *Police.*—Under "Police" the provision made in the town of Shimoga is the same as that for 1884—85. But in Harihar Rs. 1,000 have been newly provided for on account of the enlistment of Police for that town to patrol it by night. This is said to be in accordance with the wishes of the townsmen who have promised for this purpose, contributions for which a provision of Rs. 500 has been entered on the side of receipts under the head "Miscellaneous." The Deputy Commissioner, however, remarks that Extra Police has not yet been enlisted for the town and that the provision of Rs 1,000 for this purpose is too much. He estimates the cost of the Police required at Rs. 336 per annum. Pending a reference

on the subject by the Deputy Commissioner in the usual course to the Secretary in the Police Department, a provision of Rs. 500 for expenditure will be retained in the budget of Harihar against a similar entry on the side of receipts.

12. *Education.*—Besides the English school at Davangere, the establishment of English classes at Shikarpur and Tirthahalli have been sanctioned in the Educational Department. It is also proposed to open similar schools at Channagiri and Siralkoppa. The proposal should be submitted to the Secretary in the Educational Department for orders. With the exception of Shikarpur, where the cost of the English school has been directed in Dewan's Proceedings, Educational No. 2263—4, dated 24th October 1884, to be met equally by fees and municipal revenue, only three-fourths of the expenditure connected with the other English municipal schools is payable from Municipal funds to which the fees in them are credited, the remaining one-fourth being defrayed by the Provincial and Local funds. This will be adjusted as per Comptroller's circular No. 1571, dated 21st December 1883, a copy of which is herewith forwarded to the Deputy Commissioner for information. Accordingly, only ¾ths of the provision made for the cost of English schools will be retained in the budgets, the estimate entered under "Contributions" on the side of receipts in Davangere being struck out.

13. *Dispensary Charges.*—In addition to the dispensaries already existing at Sagar, Tirthahalli and Davangere, provision has been made in the current year's budgets for the dispensaries recently sanctioned for Channagiri, Honnali and Shikarpur. In Shimoga it is proposed to entertain a nurse at Rs. 50 per mensem, the cost being defrayed from Municipal funds. The proposal is sanctioned.

15. The allotment of Rs. 360 under "*Road Watering and Planting*" for planting vacant places in Shimoga and the provision of Rs. 100 under "Extraordinary" on account of expenditure in that town during festivities on State occasions are approved.

16. *Lighting.*—The cost of lighting in Shimoga is estimated at Rs. 410, of which Rs. 120 are for 2 lamp lighters on Rs. 5 each and Rs. 290 for oil and other charges. The number of lamps for which provision has been made should have been stated.

17. With regard to the provisions made newly under "Lighting" in the Municipalities of Honnali, Nyamti, Shikarpur, Siralkoppa, Sagar and Davangere, the Deputy Commissioner is requested to consider whether the proposed introduction of lighting into these minor towns may not for the present be postponed.

General No. 674 / R No. 494. 1885—86.

In continuation of this office No. 622/447 dated 27th Ultimo, has the honor to forward herewith for early sanction an amended Budget with an explanatory memo thereon, for the Chennigiri Municipality for the current official year, together with an estimate amounting to Rs. 313/- for Constructing a Hauda or Reservoir at the head of the Balasekeri tank in that Town.

An English translation of the Proceedings of the Chennigiri Municipal Board meeting held on the 28th April last, with orders thereon is also enclosed for information.

Deputy Commissioner Shimoga Dt.

Chemnigiri Municipality

Reserve funds on April 1st 1885 were Rs. 1727.

Receipts - 1. Rupees 120 has been entered under class VII Octroi. This is too low and Rs. 220/- may be assumed as a safe amount.

Receipts from Mohatarfa and Funds, namely 637 and 140 may be left, as also under "Miscellaneous Sales of Building Sites Rs. 12 - But fees from the English class of Taluq School, Namely, Rs. 120/- is too much, as the School has not been yet and so should be reduced to 5 for the 6 months This will make the total receipts Rs. 1067

Taluq Rs. 20 is entered in the Rs. 1/-

Expenditure - 2. A total expenditure of Rs. 1567/- has been estimated for.

Duthe revised Budget Rs. 1515 is entered under expenditure -

3. The details under Heads
II Head Office Rs. 24/-
III Charitable grant Rs. 100 -
VII Conservancy Rs. 535/-
may stand.

It has become necessary to the Amount budgetted for the Head Public Works.

4. Rupees 200/" was first entered in the Budget for removing silt from the tank Bed but it has been found necessary to construct a Reservoir by building a Bund with sluice across the Tank. The Townspeople are willing to subscribe Rs. 150/" towards the work which has been estimated to cost Rs. 313/", therefore Rs. 163 more has to be provided.

5. Again the Town Roads and Drains require repair and clearing out; and for this, only Rs. 100/" has been provided, but that is not sufficient, so a further sum of Rs. 75/" has been entered. The reserve grant has also been raised from Rs. 25 to 50.

6. Under the head Education Rs. 240/" has been entered, but as the School has not been yet started Rs. 15 for 6 months is sufficient provision and Rs. 10/" for contingencies, being a total of Rs. 100/"

7. The reward for killing Snakes, it was represented, is insufficient; so it has been increased to Rs. 15/" and if that is not sufficient, the

The Amildar should allot a further amount from his Reserve.

The Expenditure will thus Stand:-

II	Head Office	24
III	Public Works	763
V	Education	100
VI	Charitable	100
VII	Conservancy	535
XII	Miscellaneous	15
		1537

Making a total of Rs. 1537 against Estimated Receipts of 1067 leaving Rs. 470/- to be drawn from the Reserve fund at Credit.

1 Read petition dated 24-4-85 from the residents of the Chennagiri Town, regarding the construction of a Honda in the bed of the Nagammadinabalasa-kere tank at Chennagiri.

On the motion of the Board in one of their previous Pros:, a sum of Rs 200---- was allotted in the current Budget for removing silt to a certain extent from the tank in question, in order to avert the unhealthiness arising from its water being contaminated by the growth of a certain plant (a kind of rank vegetation), and the work is being pushed on in accordance with the district orders.

The inhabitants of the town urge that, as the mere removal of silt only from some part of the tank bed will not prevent the continuance of the above evil, the weeds left in other parts being allowed to extend themselves throughout the tank again

the

the construction of a Bonda is desirable,
that the sum already sanctioned from
the Rd Funds be utilized for the
earth works of this new project, this
amount itself being inadequate to
cover the cost of lifting the whole
tank, except at a cost of Rs 1000-- --,
and that the Govt be requested to kindly
sanction a contribution from Local
Funds towards the cost to be incurred in
the revetment of the new bund for
which they also agree to pay subscriptions
at one rupee per house

The extent of the tank under reference
is 14 and odd square acres. It has been useful
not only to the townspeople but also
to the travellers of all classes passing
on the high road from Shimoga to
Chitaldroog, which lies on its bund.
There being no good drinking water
nearer than this elsewhere, this
tank has been the chief source of
water supply for all the purposes
of a human life and has, therefore, been
most liable to be polluted, more
especially on the occasion of Hindu
and other festivals, in spite of
all the efforts used by the watcher
located here to ensure a strict
conservancy. In order to put a
stop to all these abuses, such as,
bathing, washing clothes, &c, it is
extremely desirable to allot a place

apart from the question of drinking water supply.

The Honda is to be dug to the extent of 100 × 100 yards at the front of the tank, exclusive of inclined approaches. The cost of stone excavation will be borne both by the public and by Government as skilled labour and if required, a further grant of funds from the Municipality sanctioned for the works.

As regards the subscriptions to be collected, Mr. Vandarama-ing asserted that some of the residents who live on the western side of the Canal are not willing to pay their share at the rate of one rupee per house. The Canal consists of 611 houses. If the levy of subscriptions even at the rate from four annas to one rupee per house is sanctioned by the Society the collection will amount to somewhere about Rs 150 or 200 and the stone work of the Honda will require about Rs 300/- or more, than the above sum. The latter is to be granted from Local funds. Even if this is not sufficient, a sum of Rs 100/- which has been provided for road repairs in the current Municipal Budget, may be utilised

for the above works, as the roads of the town are in good condition and do not require repairs very necessarily this year.

Resolved that a copy of the above be submitted for the orders of the Deputy Commr.

(Sd) Narasanna
Asst & Vice President

A reservoir of good drinking water in Chennapuri will be most desirable. I would like the Vice President to go into the project, and prepare a statement showing how the funds are to be got - estimated cost and other details. As soon as I receive that, I will pass further orders

4/6

Translation of the Petition dated 26-4-45 from the inhabitants of the Chemmaseri Panchayat to the Chemmaseri-Tahsildar.

Having been given to understand that a sum of Rs 200 has been sanctioned for removing silt from the Mramundinabal tank, we beg to suggest as follows:-

By a mere removal of silt from its bed, the tank can no longer be free from being subject to further contamination of water in it, by the growth of certain noxious rank vegetations in consequence of the recurrent accumulation of extraneous matters carried and deposited in the tank by rains. This state of things, will be obviated by the construction, in the tank bed, a large Bonda like one in Kadur or in Nyanti, with an embankment secured by stone revetment on two sides, each being useful to men and cattle respectively. To ensure fully this object in view, the present provision of Funds seems hardly enough. On the other hand, it may be appropriated the erection of the bund alone with the earth excavated and removed from the site in question, and the cost required to be incurred carrying out the remaining part of the works may be supplemented, both by raising subscri from the town people including ourselves at one rupee per house and by sanctioning a

grant of contribution from Local Funds.

(Sd) Rangoji and 24 others

Residents of Chennapuri

The Honda is estimated to cost
313 - of which the Townspeople
have agreed to pay Rs 150 -
At the end of March the Surplus
Funds at credit of the Chemagiri
Municipality were Rs 1727.
According to the proposed
budget Rs 367 was to be
drawn from the Surplus funds
towards the proposed Expenditure
2 Under the circumstances,
the additional Rs 163 would
to make the Honda can
also be drawn - and so
the amount will be Rs 530.
3 The work should be started
as soon as practicable
worked according to a
regular plan & Estimate
4 When I am visit Chemagiri
I will, if necessary, recast
the budget - but till
then it shld stand
as now, with the Rs 163
added to it.

2 Under "Receipts" the revised Estimates now submitted exhibit but slight alterations.

3 On the side of Expenditure the charge under "Head office" has been reduced only by Rs 3 per mensem. It is however understood that early steps will be taken to reduce the large Municipal Establishment in the District office to the limit specified in para 7 of the Dewan's Proceedings No. 1897-1902/64 of the 30th June last.

4. Under "Public Works" Rs 200 had been entered in the original Budget of Chemnagiri for removing silt &c from the Balasokeri Tank. Besides this, it is now represented that the construction of a Reservoir by building a bund with Sluices across the tank is necessary and that the Townspeople are willing to Subscribe Rs 150 for the work for which an Estimate amounting to Rs 363 has now been submitted

provision

provesion having been
made on this account
in the Revised Budget
of the town for Rs 163,
being the defference
between the Estimated
cost of the work and
the amount of the
anticipated Subscriptions.
The Estimate is Sanctioned
and the provesion made
for it passed.

5 In para 17 of the
Proceedings of the Dewan
of 30 June last, above
referred to the Sylonnar
was requested to consider
whether the introduction
of lighting into
minor Municipalities
may not be postponed.
Nevertheless, the Revised
Budgets for Hamdali
and Sheikarpur provide
for the charge, while
in the Revised Budget
of Thirthahally a sum
of Rs 25 has been newly
entered under the head.
As a Rule all Municipal
Towns, other than the district
head Quarter Municipality,
may be relieved of
all Expenditure connected
with lighting save under
Exceptional Circumstances

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 22nd October 1885.

2. Under "*Receipts*," the revised estimates, now submitted, exhibit but slight alterations.

3. On the side of expenditure, the charge under "*Head Office*" has been reduced only by Rs. 3 per mensem. It is, however, understood that early steps will be taken to reduce the large Municipal establishment in the District office to the limit specified in para 7 of the Dewan's Proceedings No. 1897-1902—64 of the 30th June last.

4. Under "*Public Works*." Rs. 200 had been entered in the original Budget of Channagiri for removing silt, &c., from the Balasokere tank. Besides this, it is now represented that the construction of a reservoir by building a bund with sluice across the tank is necessary, and that the towns-people are willing to subscribe Rs. 150 for the work for which an estimate amounting to Rs. 313 has now been submitted, provision having been made on this account in the revised budget of the town for Rs 163, being the difference between the estimated cost of the work and the amount of the anticipated subscriptions. The estimate is sanctioned and the provision made for it passed.

5. The revised Budgets are sanctioned.
